Environment

Adults that garden live longer and have less stress. Gardening creates spaces that everyone can use to enjoy time together.

Health and Wellness

Plants improve air quality by removing carbon dioxide and producing oxygen, and can help reduce soil erosion and filter pollutants.

Economic

Landscaping can add as much as 15-20 percent to the value of a home/building and can speed up the sale, in many cases.

SAWTOOTHED JAPANESE AUCUBA

Aucuba japonica 'Serratifolia'

Broad-leaved evergreen shrub valued for its long dark green leaves with sharply serrated edges. Produces showy red berries in fall when a male pollinizer such as 'Mr. Goldstrike' is planted nearby. Bold upright stems. Excellent for shady situations.

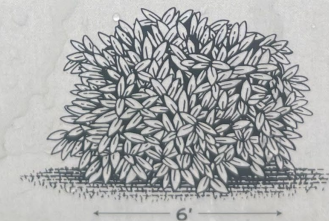

LIGHT Full shade

WATERING Keep soil moderately moist

BLOOMS Inconspicuous

USDA ZONES 6-10 **HARDINESS** -10° to 0° F

AVERAGE SIZE Slowly reaches 4 to 6 ft. tall and wide.

Thank you for adding this craftsman-grown plant to your landscape.
